GC 977.202 R41RHA 1922 OLIVER P. MORTON HIGH SCHOOL (RICHMOND, IND.) THE PIERIAN Digitized by the Internet Archive in 2013

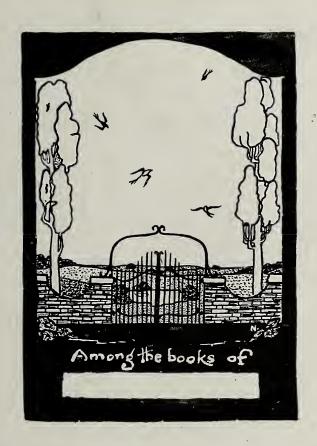

The "Pierian." a comedy-drama in five acts, of life in Morton high school during the year nineteen twenty-two.

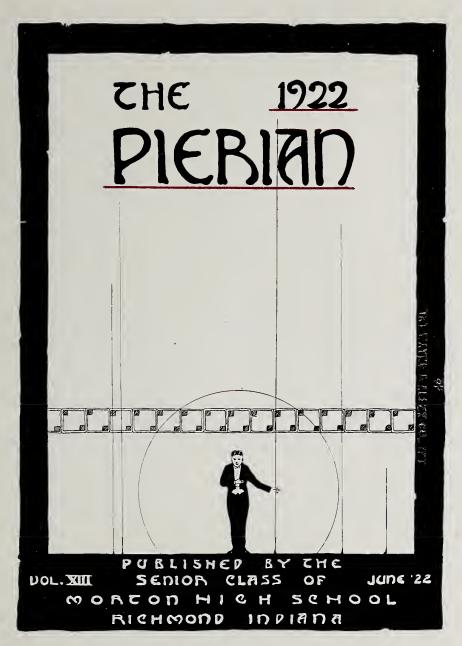

Shadows and Leaves

Through the trees the shadows lengthen As the seasons come and go, Casting figures on the building Swinging, swaying, to and fro.

Like unto the changing classes, Here today, tomorrow where? Leaves are falling, leaves are drifting, Some fall here and some fall there.

Here's to you, O passing Senior!
'Neath the shadows, cast a tear.
Some day this will be a mem'ry,
Just a dream of yesteryear.

Prologue

包

ELL, here it is. This is the book. We began on it with our heads in the clouds to make it the Best Ever. We hope it is not the Worst Ever.

It is our book, and we do not apologize for it. It could be better, and we have not done our best, but we have *worked hard*. You are the judge. Be your own censor,—take the scissors and eliminate the part objectionable to you. Should it entirely fall

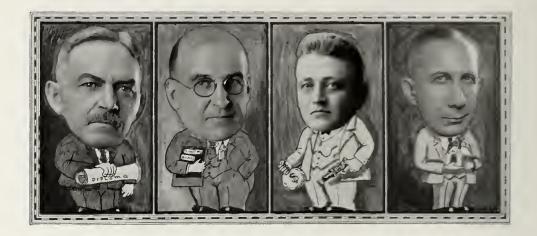

below your expectations, it will be useful to prop up the short table leg, or start the fire on a cold morning.

We have laughed and cried over it, loved and hated it, praised and cussed it, and, we will not undertake to publish a garden seed catalog or a patent medicine

almanac now. First Act! Ring up the curtain!

To a Young Man

THE great were once as you. 1 They whom men magnify today Once groped and blundered on life's way. Were fearful of themselves, and thought By magic was men's greatness wrought. They feared to try what they could do; Yet Fame hath crowned with her success The selfsame gifts that you possess.

The great were young as you, Dreaming the very dreams you hold, Longing yet fearing to be bold, Doubting that they themselves possessed The strength and skill for every test, Uncertain of the truths they knew, Not sure that they could stand to fate With all the courage of the great.

Then came a day when they Their first bold venture made. Scorning to cry for aid. They dared to stand to fight alone. Took up the gauntlet life had thrown, Charged full-front to the fray. Mastered their fear of self, and then Learned that our great men are but men.

Oh, Youth, go forth and do! You, too, to fame may rise: You can be strong and wise. Stand up to life and play the man-You can if you'll but think you can; The great were once as you. You envy them their proud success? Twas won with gifts that you possess. -Edgar A. Guest.

A Message to the Class of 1922

Y ()U are the first class to leave me as principal of a high school and I am feeling for the first time the mingled pleasure and pain that the head of a school experiences when he attempts to say Godspeed to a graduating class.

Two things I have to say to you. The first is the concept at the basis of the modern philosophy of education, which says that learning is living. This refers to your past pretty largely-to your school experience. The responsibility for its observance is largely with the school. We have tried to allow you to live wholesome, natural lives while in school. We have tried to make your school life so varied as to bring to your knowledge your natural abilities and your needs, and to show you how to develop the former and to satisfy the latter. As life is a thing of myriad processes and forms, so we have tried to surround you with a great number of such situations as arise in real life, to guide you in learning how to respond to such situations, to permit you to form habits that will stand you in good stead in all the future, to give you some information as to the world in which

you live and to show you how and where to continue the quest for further information.

The second word I would leave with you is that living is learning. Just as living should not be postponed until the close of school, so learning should not stop when school days are over. This is a matter of the future, and the responsibility is largely yours. You should continue to learn, of course, because you have not yet learned everything and because it will be to your material advantage to know as much as possible. But if you are really to live, there is a more important reason for continuing to learn. They to whom life is empty and narrow,-for whom it means nothing more, are not those who have tasted all of life. for that is impossible, but those who have ceased to learn and grow in their capacity to understand, and, therefore, to enjoy living-those whose today is no different from their yesterday, and who are looking forward to a tomorrow no different from either. Just what should you do? You should have found from your school experience that part of the world's work that you can best perform-make that your vocation and pursue it with all your might. But do not stop there; you might do all that and still live a very narrow, comparatively useless, life. Develop yourself also along different side-lines-have "hobbies," avocations, indirect interests, that will divert your mind, fill your leisure hours, keep you open-minded, make you an intelligent member of a complex society, bring happiness to yourself and large usefulness to all your fellows.

1921 M. H. S. FOOTBALL TEAM—EASTERN INDIANA CHAMPIONS

Review of the Season

THE Season of 1921 in football was the biggest and most successful in the history of Morton High School athletics. Confidence in Coach Stenger and his men was unbounded, and everyone felt that at last Morton was to feel the thrill of victory.

Seven strong teams were met, out of which six were defeated, giving Morton the undisputed title of "Eastern Indiana Champions."

Wilkinson Game

Morton High downed Wilkinson at Reid Field, Earlham, October 8th, by the score of 7-0. The majority of Morton's men were new, which accounts for the low score. No individual stars, but everyone playing fast football,

Bluffton Game

October 15th, Morton journeyed to Bluffton, and defeated her to the tune of 14-7. Greene's punting helped win.

Knightstown Game

Morton High won her third game on October 22nd, by defeating Knightstown 27-3, on Reid Field. K. H. S. scored first with a drop kick, after which Morton held the oval. Brown made a sensational 60-vard end run for a touchdown. Malone deserves mention for the creditable way in which he handled the team.

Football

(Continued from page 32.)

Elkhart Game

Morton traveled to the northern part of the state and defeated Elkhart, October 29th, by the score of 15-0. Our points were made by two touchdowns, a goal after touchdown, and a safety by an Elkhart man. Three days rain had made this field a good swimming hole, according to Noland.

The team received a wonderful "send-off" by the school when the train started for Elkhart, after which, as Spaulding said, they were afraid to come back without winning.

Decatur Game

On November 4th, the largest crowd of the season saw Morton wallop Decatur on Reid Field, 35-6. The game was featured by the wonderful work of "Irish" Mulligan, end, who made three touchdowns, one on a run of over 65 yards. Captain Tom Schumaker kicked five goals out of as many attempts. The Decatur gang was heavy and gained by line bucks, while M. H. S. resorted to trick plays, end runs, and forward passes.

New Castle Game

Over three hundred rooters and the band got to the Rose City in some manner to witness the defeat of Morton's old rival, Newcastle. The game was played on Maxwell Field on half snow, half mud. It will go down in M. H. S. history as a hard, well-earned victory. Twice we had the ball on Newcastle's one-yard line, only to lose it on downs. In the third quarter, after long attempts to get the pigskin over the line, Malone carried

it across. Mulligan was laid out with two broken ribs, but Morton had the fighting spirit in her. Throughout the rest of the game, both teams battled hard to gain but neither was successful. Morton now had six scalps in her belt.

Hey Sheridan! Bring back my Victory pants!

Sheridan Game

A heartbreaking game must be written up as well as the others.

On November 19th, Sheridan High defeated Morton at the Play Grounds 13-0. Reid Field was in no condition for a game, due to the heavy rain fall.

Two serious fumbles on the part of M. H. S. paved the way for both of Sheridan's touchdowns. The Sheridan team admitted that Luck certainly was with them that day. They played good, clean football throughout.

Kennedy did some fine line plunging and end running. Although the season ended in a defeat, M. H. S. is Eastern Indiana Champion, and the athletic standard has been raised considerably over the past. Coach Stenger is given the credit for this success.

1922 M. H. S. BASKETBALL TEAM

The 1922 Basketball Season

WHEN the basketball season opened, Coach Grant Stenger had five veterans, and a wealth of new material with which to build a winning team. Morton played nineteen games, winning fifteen. During the season the team made four week-end trips of two games each, winning every game. Connersville was defeated on her own floor, 21-14. Our greatest rival, Newcastle, lost to us. Hamilton, Decatur and Dupont, of Louisville, were among those conquered.

among those conquered.

Decided improvement in Morton's athletic standing followed the coming of Coach Grant N. Stenger to Richmond. Stenger graduated from Northwestern College, Napersville, Illinois, in 1921. He distinguished himself in all forms of athletics while there. Since he has coached here, a new spirit, a spirit of manliness, has imbued the teams which

he has had in charge.

@

CAPT. STANLEY GREENE—Back Guard '21, '22, Sam has a smile like a rip in a circus tent. An able captain. He is cool headed and has kept many a team from scoring. His black hair and flashing eye get the flappers. Graduates, we regret to state to state.

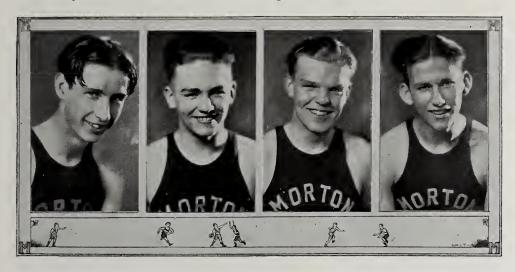

RALPH KENNEDY—Center '22.
Gabe repeated his football success on the hardwood court. He devotes just thirty minutes per day to arduous training; ten minutes for breakfast, ten for dinner, and ten for supper. Those long shots of his were a delight to the fans. On deck next year.

DANIEL ROST-Forward '21, '22.

Dan can hit the basket from most any old place on the floor. He is a hard-working player who gave his best to the cause. Has a wealth of fight and grit and his place will be hard to fill.

PHILLIP KESSLER- Floor Guard '22.

Whitey is an important factor in breaking up the opponent's plays. He doesn't think basketball is a pink tea affair. Was the find of the season. Is a sophomore and picked as all district floor guard.

DALE HARKINS-Forward '20, '21, '22.

Harkie prefers dodging to bruising and consequently makes some goals. He is the fastest man around here (no, girls, you got us wrong), has the dribble well in hand, passes quickly and accurately, and leaves us this year.

JACK MATTOX-Sub Floor Guard '22.

Jack is the utility lady's man of the squad. He blushes every time he makes a goal. In spite of the loss of his favorite tooth, Energy never lost that Grand Canon smile. One more year.

VERNON SPAULDING-Sub Back Guard '21, '22.

Fat owns a transcontinental grin, and a large dimple. Although he was on the bench most of the time, he shows his caliber. Out this year.

THOMAS SCHUMAKER-Sub Center '22.

Tommy has a full-pressure grin. That his playing was of the same order, his opponents will testify. He has never been afraid to rough it. Will be missed by everyone, including a certain little

M. H. S. Second Basketball Team

THE Second team distinguished itself in 1922 by defeating eight teams out of ten, including such first teams as Dixon Township, New Paris, and Brownsville. Coach Little is held chiefly responsible for the success of the team.

RUSSELL BROWN—Yell Leader

The leader of our Howling Gang has had some pretty tough luck. Back in the '20 basketball season Russ played a game and stuck right with the team all of the year. He did not play enough to get an "R." When the football season opened, Russ was out in full armor, rapidly developing into a wonderful half back. The first game of the season was not far off. But in the practice scrimmage Russ got his collar bone broken, and was out of harness for all of the games. Although he never received a letter, Russ has worked hard for the success of all teams. He has always taken an active interest in athletics.

He has that bull-dog spirit. When declared ineligible for athletic teams, Russ immediately grabbed the megaphone, and started in to help his fellow athletes to win. One of the hardest workers for athletics in Morton.

DUTTING out an annual is not the easiest thing in the world. The worst annual ever published required an unusual amount of time and work. And no matter what the size of the staff, a few people always do all the work. Certain members of our staff literally took off their coats and got down to work. Cares have infested the days, and the nights have not been filled with music. But they all came through smiling.

Harding, the business manager, did some unusual things. He raised enough money. He helped all he could on the editorial side. He sold more advertising

than ever. He kept us from going in a hole.

Stanley took the place of assistant late in the game. But he has worked with never-failing enthusiasm during the day and most of the night. He also helped on the business side. The Pierlan this year is the result of co-operation between the two sides.

The party of the third part was Walt VanEtten. Gifted with a good pen and the spring fever, Walt spent many unhappy hours away from the Murray

and Washington—drawing, drawing, drawing.

In the eleventh hour we were helped greatly by Herb Hotsenpiller and his mighty pen. The three great unseen helpers were: Nicholson Printing & Mfg. Co., Indianapolis Engraving Co., and Roy Hirshburg. May all three always get the contracts at Morton.

ALL who are interested in Morton High School and in the many activities, musical, athletic, dramatic and forensic, carried on by the students here, are proud of the work of Richmond's Dedating Team this year.

Debating is a worthwhile interscholastic activity. To students of keen intellect it gives opportunity for the development of quick thinking and ready expression. Debating, like athletics, offers a challenge. It calls upon every student for support of our school team.

As coach of the Richmond team this year, I have enjoyed and appreciated the ready response and splendid cooperation given by the four men on our team: Wesler Scull, Allan Campbell, Wendell Stanley and William Romey.

Meloy & Company opened the bill with some clever songs and musical numbers. Little Miss Meloy featured the act with her dancing and cute singing. Several attractive girls did the musical numbers well.

Fitz, The Wizard, does a fair magic act very well. He holds the interest throughout the act with his bright side talk. Used an assistant in the audience, and works with chemicals, small animals, and complete equipment.

The third spot was held down by Miss Betty Morgan, who needs no introduction. She displayed her usual high-grade act of Terpsichore. Wonderful costumes and dancing ability. She will go far.

Three Merry Maids offered a strictly musical program. The Misses Crandall and Mashmeyer sing well separately and together. Miss Schell assisted at the piano.

Morgan I. Bettye (Francis Robinson) scored the outstanding hit of the vaudeville. He burlesqued the dancing of Miss Morgan with unusual ability. He also did some dangerous tumbling. Assisted by Malcomb Smith.

"A Pair of Lunatics," with Allan Campbell and the late Miss Lucile Thurman, was an amusing farce, presented in an attractive manner.

Dutch and Maggie, otherwise known as Paul Quigg and Marguerite Cox, put the big time stuff into the bill. Dutch sang well and drew the applause. However his songs were a little out of place. Maggie plays Jazzzzzz as no one else can do it. She also sings.

Hoeffer and Crum, blackface and a straight, entertained with a song or two, and a lot of sidewalk patter. It began with an interruption act, and ran fifteen minutes. They worked hard for the headlining act.

Ewing and His Jazz Hounds succeeded. Wardrobe and up-to-the-minute music. They put their stuff across the footlights. The feature was the trio, Mr. Romey, and the Misses Eggemeyer and Plummer, who sang pleasingly and danced in front of the Jazz band.

Ye Olde Facultie, composed of members of the faculty, gave a long and varied act, ranging from classical dancing to old gags.

Packed houses witnessed the two evening performances in the Auditorium.

"The Charm School"

A Comedy in Three Acts.

The Senior Class-Play for 1922.

The story relates the adventures of a young automobile sales-man, who, upon inheriting a girl's boarding school from a maiden aunt, insists on running it himself. according to his own ideas, chief of which is, that the dominant feature in the education of a young girl of today should be charm. Many humorous situations arise, and in the end the young man gives up the school to wait until the most precocious of his pupils reaches

a marriageable age.

Music

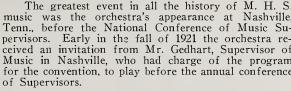

The "A" Orchestra Musical Season

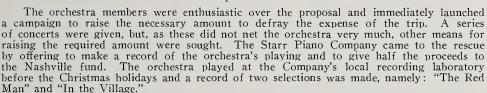

By Irene Jarra

Under the capable direction of Mr. Maddy, the orchestra has been able to play in a very creditable manner a type of music never before attempted by high school orchestras. Its repertoire for the past year included such numbers as Wagner's overture "Rienze," "March Slav," "Fifth Symphony," and other selections of equal difficulty. By practicing five hours a week the orchestra has been able to work up a greater range of music.

The greatest event in all the history of M. H. S. music was the orchestra's appearance at Nashville, Tenn., before the National Conference of Music Supervisors. Early in the fall of 1921 the orchestra received an invitation from Mr. Gedhart, Supervisor of Music in Nashville, who had charge of the program for the convention, to play before the annual conference of Supervisors.

J. E. Maddy, Director

The sale of the records, however, did not bring in the amount needed, so other things were tried. Princess Watahwaso was brought by the orchestra in cooperation with Fulghum's Music Store, and gave an orchestra benefit concert. The business men of Richmond also contributed largely to the fund so that by the week of March 20 the necessary amount had been raised.

The organization departed for Nashville on March 22. A series of four concerts was given before Nashville audiences and before the convention. The first was a concert at Hume-Fogg High School, the second before the Peabody Demonstration School, the third and best, before the supervisors, and the last for the children at the State School for the

By its appearance before the convention, the orchestra won for itself the title of the "best orchestra in the country," according to remarks made by many of the supervisors. Many of the delegates to the convention expressed the intention of working up a higher standard of music in their own home towns. The M. H. S. orchestra really did more than play for the music supervisors—it set a standard which many schools will try to attain.

A part of the orchestra had the valuable experience of playing in the supervisors' orchestra which gave a concert for the people of Nashville on March 23.

On the return trip from Nashville the members of the orchestra enjoyed a trip through Mammoth Cave.

The Nashville successes of the orchestra were followed by many invitations from cities in Michigan, Indiana, and Ohio. Of these the invitation to play at Columbus, Ohio, was accecpted.

Morton has indeed great reason to be proud of its "Champion Orchestra."

Miss Anna L. Finfrock

NO one has ever been missed as much as Miss Finfrock. Since 1910 she has taught English at Morton, and earned the title of "The best-loved Teacher." At the close of the first six weeks period the past semester she was taken seriously ill, had to discontinue her school work, and take a much needed rest. Since she has always been right in the "thick" of things, it nearly broke her heart to be away from her work and the organizations she sponsored. The Dramatic Society and the Pedestrian club are two that she kept going.

Her spare time has been spent coaching plays and acting as advisor for the "PIERIAN." The annual has been dedicated to Miss Finfrock on many occasions, because of her interest, her ability, and her kindly disposition. A play was never presented without consulting her first, and very rarely staged without her valuable aid as coach. So much of her time was spent on high school affairs that we feel her headed and account the stage of her works for the

her breakdown came because of her work for us.

She is slowly recovering, although the forced rest is hard for her to bear. We sincerely hope she will fully recover and be back with us next year.

The Road to Vagabondia

'E was sittin' on a door-step
As I went strollin' by;
A lonely little beggar
With a wistful, 'omesick eye—
An' 'e weren't the kind you'd borrow,
An' 'e weren't the kind you'd steal,
But I guessed 'is 'eart was breakin',
So I w'istled 'im to 'eel.

They 'ad stoned 'im thru the city Street, and naught the city cared, But I was 'eadin' out'ard and the Roads are sweeter shared; So I took 'im for a comrade, and I W'istled 'im away—
On the road to Vagabondia, that lies Across the day!

Yellow dog 'e was; but bless you—
'E was just the chap for me!
For I'd ruther 'ave an inch o' dog
Than miles o' pedigree.
So we stole away together,
On the road that 'as no end,
With a new-coined day to fling away
And all the stars to spend!

10

Oh, to walk the road at mornin', when The wind is blowin' clean.
An' the yellow daisies fling their gold Across a world o' green—
For the wind it 'eals the 'eartaches, An' the sun it dries the scars,
On the road to Vagabondia that lies Beneath the stars.

'Twas the Wonder o' the Going
Cast a spell about our feet—
An' we walked because the world was young,
Because the way was sweet;
An' we slept in wild-rose meadows
By the little wayside farms,
'Till the dawn came up the 'ighroad
With the dead moon in 'er arms.

Oh, the dawn it went before us
Through a shinin' lane o' skies,
And the Dream was at our 'eartstrings,
An' the light was in our eyes,
An' we made no boast of glory an' we
Made no boast o' birth,
On the road to Vagabondia that lies
Across the earth!

SCANDALOUS LETTER FOUND IN WASTE BASKET OF HIGH SCHOOL TEACHER

Alleged to be Perfect Example of English Composition

SCHOOL UP BOARD IN AIR

(Special to "The Futurist Sun") A letter was found, torn into very small bits, in the waste basket of a wellknown teacher in the local high school,

which promises to submerge the entire teaching staff in hot water.

The school board is savagely hunting the guilty woman. Plain clothes men fill the halls, while Pinkerton men are searching for further clues. The letter is published below in its entirety:

'My dearest Wilfred:

It's one-thirty, and I cannot sleep..... I can't see why you had to leave, when wanted to talk to you, and I don't know what you mean by "plans." Please tell-

I think I love you now, or I wouldn't be writing to you at this ungodly hour. I'll try not to think -things.

Don't kiss Mildred-I don't want you to—PLEASE. I've loads of things I want to ask you and I surely wish you were here now. When will I see you again?....

but Miss Donna Parke, another teacher, found it and turned it into the hands of the school board. We can only wait to see what develops. The writer is still unknown, but before morning the detectives expect to have convicting evidence.

"The movie is the greatest evil the world has known since Adam bit the apple," Rev. Brown declares. "And in the person of this woman who daily appears at one of our wicked theatres, The movies must stop. The censors have made them cut the kisses to two feet, cut out all scenes in which there is smoking, let them dance only when wearing life preservers, and banned any desert island scenes, but it does no good. There must be no real life shown on our screens. The movie must go!"

RED HORSE TEA ROOM FALLS BEFORE ATTACK OF ENTIRE POLICE FORCE

Many Prominent Citizens Arrested in Biggest Raid in History.

HAND TO HAND FIGHT AT DOOR

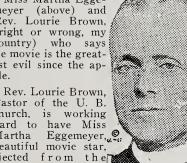

In the biggest raid ever made in the history of the local police department, "The Red Horse Tea Room" was taken at 2 a. m. by the entire Richmond Police Force, under the command of Chief of Police Tom Noland. After a hand to hand fight at the entrance, Constable Sam Greene broke in the first floor with an axe, and let dozens of officers pour into the financial room of the establishment. The treasurer, Ralph Ewing, fled across the room, and dove head first out of the window, but Officer Hiatt grabbed one of his long legs, and captured the gambler.

Customers were driven away from the various tables by the sounds of the fight, and attempted to escape, but patrolmen outside clubbed them as they ran out, and dragged them to the waiting patrol wagons. Many well known and prominent citizens are behind bars today, including Maurice Minnick, who was found with a put and take top on Main Street just before the raid. It bore the letters, G. H. and below was the symbal of the Red Horse. With this evidence, the officers hired a merchant's delivery truck, and hurried to the Tea

Room. Gene Harding, owner and proprietor, locked himself in his private office and stacked poker chips against the door. When the police finally broke open the door and rushed in, Harding opened fire from the rafters above, and seriously injured several coppers with a volley of loaded dice. He was captured by sawing the rafters in two at either end, and catching him in a clothes basket when he fell. Three young women were found in the cellar behind piles of punch boards—Misses Louise Spalding, Annah Clarke, and Elizabeth Bell. They were released upon promising Mayor Fouts never to gamble again. All of the other prisoners are being held under bonds, and the trials have been set for July 4.

CONDITION UNCHANGED

Paul Quigg's condition remains unchanged. He eats hearty and plays pool fairly well, but won't work.

The Appropriation Bill

Councilman Harkins has introduced his bill for the appropriation of city funds to the extent of \$1,000,000 000. This is all very well but there is nothing in the bill which says how it is to be spent. If it is to buy tan sneakers for councilmen to play tennis in, we are against it. We agree with the Cincinnati Trombone that "a billion dollars is a lot of money." The Richmond Pulludium avers "the recent Hornaday-Har-kins bill is a bad bill." The Richmond Etim sits on the other side of the fence and exclaims: "The bill has neither good nor bad points.'

We claim they both are crazy. This bill is the greatest piece of constructive legislation since the League of Notions. My country, right or wrong. The FU-TURIST SUN's platform is to do away with all councilmen, and thus eliminate such storms of controversy.

Our council has taken the "high" out of "taxes."

Report shows that a man tried to kill his wife with a pitchfork. Better luck next time.

It looks like the theatrical slump has hit Richmond. Hot dog.

Mayor Fouts says: "Don't give up the ship." We have heard that solution before, however.

An expert says all old men with wooden legs have defective vision. Oh, say can you see?

Our Grid-Iron Champions

Did you ever stop to ponder
What the football men have done;
On the time they spent in practice,
And on all the games they've won?

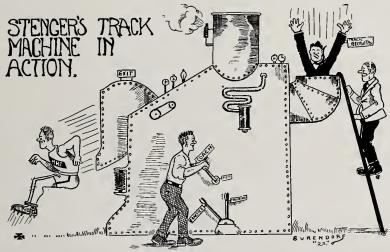

On the times they missed their pudding, And have lost clear out on cake; On the sore spots as their portion, And the kicks and cuffs they take?

On our Spaulding's skinned-up visage, And how Irish' ribs were "cracked;" On Malone and Tom and Jackie, And the others that we backed? On the mud they each have eaten, And the snow they've had to buck; On Decatur—Oh, so easy! And on Sheridan's good luck?

When you've thought of all the trouble These brave kids have faced for us, Don't you think we ought to cheer them, And just make a little "fuss?"

May the cake and pie they covet,
Be their portion every day.
May they always know we're boosting
For them all along the way.

Advertisements

THERE is not going to be any more PIERIAN this year. After the pages of Advertising, which are as necessary for the success of an annual as the photos of the faculty, we bid you one and all a kind good night.

In this section, space comes high. Anxious to raise money in order to finance the book, the business manager and his assistants sold more advertising than ever before, and in a harder business year! It is not the best means of advertising. The business men advertise in the Pierian, not because they expect great returns in a business way, but because they know the Pierian is a necessary evil.

Below are the names of those men and firms who have advertised with us:
